

Glaciation - Erosional features & variations

Name _____

A State 5 ways in which **glaciated uplands are distinctive** (from fluvial uplands)

1	2	3	4	5

B State 3 ways in which **glaciated valleys differ** from fluvial valleys

1	2	3

C State 3 ways in which a **corrie basin is distinctively glacial** in origin

1	2	3

D State 5 reasons why **corries** (or other erosional feature) may **vary in shape or scale** within the same uplands. Quote the examples you might use to illustrate the point.

	Reason	Example
1		
2		
3		
4		
5		

E State 5 reasons why **corries** (or other erosional feature) may **vary in shape or scale** between different uplands. Quote the examples you might use to illustrate the point.

	Reason	Example
1		
2		
3		
4		
5		

F How are the following features **distinctively glacial in origin**? Be brief & name **example** or (for small features) area where found

	Distinctive nature	Example - Area
Ribbon Lake		
Roche Moutonnee		
Breached W'shed		
Rock Step		
Truncated spur		
Arete		
Pyramidal Peak		
Fjord		
Glacial bench
